## **BLADE® Cut 5 Impact Anti-Vibration Glove**

Code: BLC5HD

EN 388

4X43CP

### **Features**

- Unit: Pair
- Size: M - 3XL
- Pack Qty: 6
- Carton Qty: 60
- Coating: Nitrile Grip
- EN388: 4X43CP

## **Product Details**

### **Summary**

Featuring the best of Cut 5, impact and anti-vibration technology. A great fitting glove that provides excellent dexterity and protection in heavy duty environments. Velcro wrist strap ensures fit is secure.

- Premium Cut 5 liner protection
- Impact TPR is made with silicon offering excellent durability and flexibility
- Reinforced arch between thumb and forefinger for added protection in high wearing areas
- Fabrics and yarns are able to be laundered multiple times with no effect on cut 5 performance
- Great resistance to chemicals and acids
- Micro-foam surface offers excellent grip particularly in slippery handling environments
- New technology palm inserts offering excellent vibration resistance

Applications:

- Mining
- Drilling
- Oil Exploration
