Product Details

Summary

TTMC-W17 compliant lightweight quality vest with long sleeves for UV and dirt protection. Clear pocket for onsite identification. Velcro strap on sleeve cuff to provide firm fitting around wrist. Quality Fluorescent Orange vest. Made of lightweight polyester that is strong and easily washable. This is the best quality of this type of vest you will find. Strong zip front, long tail, mobile phone pocket with velcro flap, pen pocket and large internal pocket. Reflective tape as prescribed by safety standard AS/NZS 4602.1:2011 for Day/Night Use. This vest is TTMC-W17 (Transit NZ) compliant and complies with safety standards AS/NZS 4602.1:2011 and AS/NZS 1906.4:2010. A quality vest at a great price. Also available in Fluoro Yellow.
