Code: IKFBLU

Features

- Unit: Pair
- Size: 6/6.5, 7/7.5, 8/8.5, 9/9.5, 10/10.5, 11/11.5, 12/12.5, 13/13.5, 14/14.5, 15/15.5
- Colour: Black
- AS/NZS 2210.3:2019

Product Details

IceKing Freezer footwear has been designed to address the need for better protection against extreme temperatures in the cold goods material handling industry. Armour Safety developed this IceKing range after numerous requests from industry frozen goods manufacturers complaining about the lack of garment performance in low temperatures. After extensive market research and trials with several well known frozen food manufacturers, Iceking was refined and developed. IceKing is a range of specialist garments, gloves and boots designed to perform in very low temperatures for prolonged periods.

Features & Benefits

- Breathable lining for superior comfort
- Ankle support for greater foot stability
- Sole material compound is oil resistant with anti-static protection for durability & flexibility
- Ice-grip tread providing anti-slip confidence
- Composite toe cap with 200J impact protection
