Product Details

Discover the ultimate protection with the Blue Armour Heavy-Duty Disposable Nitrile Grip Glove - a game-changing solution for industries demanding uncompromised safety. Engineered with a 30cm long cuff, this nitrile glove offers extended coverage, making it perfect for sectors like food, where maintaining strict hygiene is vital.

Crafted with a durable nitrile material, this glove is designed for heavy-duty tasks. The integrated grip pattern ensures a secure hold, even in challenging conditions. Say goodbye to skin exposure and separation worries as this glove guarantees full coverage and protection against unwanted substances, setting a new standard for safety.

Experience unparalleled protection and coverage with the Blue Armour Heavy-Duty Disposable Nitrile Grip Glove. Stay secure, compliant, and confident in your work environment.

Features and Benefits:

- Revolutionary nitrile glove with a 30cm long cuff for extended coverage.
- Designed for heavy-duty tasks with a reliable grip pattern for a secure hold.
- Ideal for the food industry, providing enhanced protection against contamination.
- Ensures full coverage to eliminate skin exposure concerns.
