

Superior Cool Grip Kevlar Heat Resistant Silicone - L/XL

Code: SKPX/PSS-3

Features

- Unit: Pair
- Pack Qty: 12
- Carton Qty: 48
- Colour: Beige
- Palm Coating: Silicone Strips
- EN 407:2016: 444XXX
- ANSI HEAT: 5
- ANSI CUT: A4

Product Details

Introducing the Cool Grip SKPX-PSS, a high-performance cut-resistant glove designed to keep your hands protected and comfortable. With its innovative construction and superior grip, this glove is ideal for a variety of industries, including automotive, construction, and manufacturing. Trust the Cool Grip SKPX-PSS to deliver exceptional performance in demanding work environments.

The Cool Grip SKPX-PSS features a seamless knit shell with a high-performance polyethylene fiber blend, providing Level A5 cut resistance according to EN 388 standards. The palm is coated with a polyurethane (PU) grip, offering excellent grip and dexterity. This glove also features a reinforced thumb crotch and fingertips for enhanced durability. Experience reliable hand protection without compromising on comfort and flexibility.

With its breathable design and touchscreen compatibility, the Cool Grip SKPX-PSS offers optimal comfort and functionality. Whether you're handling sharp objects or performing intricate tasks, this glove is engineered to meet the highest safety standards while ensuring a comfortable and secure fit.

Features and Benefits:

- Level A5 cut resistance for superior hand protection.
- Polyurethane (PU) palm coating for excellent grip and dexterity.
- Reinforced thumb crotch and fingertips for enhanced durability.
- Breathable design with touchscreen compatibility for optimal comfort and functionality.
