Armour Full Face Plastic Bracket

Code: RRFFPB

Features

- Unit: Each
- Pack Qty: 10
- Carton Qty: 100

Product Details

The Full Face Nose Cup is an essential component designed for use with full face respirators. It creates a secure seal around the user's nose and mouth, enhancing the overall fit and comfort of the respirator. Made from durable materials, it helps to prevent fogging of the face shield and ensures effective respiratory protection in various industrial and occupational settings.

Features and Benefits:

- Creates a secure seal around the user's nose and mouth
- Made from durable materials
- Compatible with full face respirators
- Enhances the overall fit and comfort of the respirator
- Ensures effective respiratory protection
- Suitable for various industrial and occupational settings
- Improves visibility and safety by reducing fogging
