Product Details

Armour Safety proudly presents the Armour® Bell Ear Plug - Corded | Class 5, a state-of-the-art hearing protection solution. Certified to AS/NZS 1270:2002 with a Class 5 SLC(80) 27dB rating, these ear plugs offer a SLC(80) rating of 27dB, suitable for environments with noise levels up to 110 dB(A).

Made of PU (Polyurethane) foam, they're designed to expand and fit comfortably in the ear canal, enhancing protection. Featuring an integrated neck cord for convenient accessibility, these ear plugs boast vibrant colors for easy identification and adherence to safety standards.

Designed for comfort, their shape facilitates easy insertion and reduces the chance of slipping out. Each pair is individually packaged in poly bags, ensuring hygiene and ease of distribution. These disposable ear plugs are intended for single use up to 8 hours. Users should handle them with clean hands, regularly check for damage or dirt, and store them in a cool, dry place. Proper fitting is vital for effective protection, and users are advised to avoid using corded ear plugs in environments where cords could become entangled.

Armour's Bell Ear Plugs are the perfect combination of safety, comfort, and practicality for demanding work settings.

Features and Benefits:

- Integrated neck cord for ease of location when not in use.
- Vibrant colours for visual identification & compliance
- Economical & convenient option for work environments that demand a high degree of comfort, frequent changes or where hygiene presents a problem for re-usage.
- Bell shaped for maximum comfort.
- Design makes it easier to insert & reduces tendency to back out of the ear.
- Disposable earplugs are design for single use - 8 hours max
- Hearing protection for noise levels up to 110 dB(A)
