Product Details

Introducing the Junior Blue Headband E0099 by Hellberg Safety, a premium passive hearing protection solution specially designed for young users. This sleek blue headband combines comfort and reliable noise reduction, making it the ideal choice for children in various noisy environments. Safeguard your child's hearing without compromising on style or functionality.

The Junior Blue Headband E0099 features a durable construction and utilizes high-quality materials to ensure long-lasting performance. With an impressive noise reduction rating (NRR) of XXdB, this headband effectively reduces harmful noise levels while allowing for essential ambient sounds. The adjustable headband guarantees a secure and personalized fit, providing optimal comfort even during extended periods of use.

The Junior Blue Headband E0099 by Hellberg Safety offers excellent hearing protection in a stylish and comfortable design, perfect for young users in noisy environments.

Features and Benefits:

- Premium passive hearing protection for young users.
- Sleek blue headband for a stylish and modern look.
- Durable construction for long-lasting performance.
- Adjustable headband for a secure and personalized fit.
