Product Details

Introducing the Junior Green Headband E0101 by Hellberg Safety, a high-quality passive hearing protection solution crafted specifically for young users. This eye-catching green headband offers unparalleled comfort and dependable noise reduction, making it the ultimate choice for children exposed to noisy surroundings. Safeguard your child's hearing without compromising on style or effectiveness.

Built with durability in mind, the Junior Green Headband E0101 features a sturdy construction and utilizes premium materials, ensuring long-lasting performance. Boasting an impressive noise reduction rating (NRR) of XXdB, this headband effectively minimizes harmful noise while allowing for essential ambient sounds. The adjustable headband guarantees a secure and personalized fit, providing optimal comfort during extended periods of use.

The Junior Green Headband E0101 by Hellberg Safety harmoniously blends style and functionality to deliver exceptional hearing protection for young users in noisy environments.

Features and Benefits:

- Premium passive hearing protection designed for young users.
- Vibrant green headband for style and enhanced visibility.
- Sturdy construction ensures durability and long-lasting performance.
- Adjustable headband guarantees a secure and personalized fit.
