

Hellberg Xstream LD Bluetooth Helmet Earmuff with Microphone - Class 5

Code: 48101-001BM

Features

- Unit: Pair
- Pack Qty: 1
- Carton Qty: 10

Product Details

Elevate your workplace safety and communication with the Hellberg Xstream LD Helmet Mount. This innovative auditory protection solution delivers exceptional sound quality and versatile performance for demanding work environments.

Equipped with a noise-cancelling boom microphone, level-dependent active listening and waterproof to IPX4 standards, this helmet mount ensures crystal-clear communication, situational awareness, and protection in varied conditions. Its ergonomic design, music listening capabilities, and hands-free phone calls make it a versatile choice for professionals.

With push-button controls, USB charging, voice assistant support, and a battery power-save function, this helmet mount offers convenience and efficiency. It's the ideal choice for those working in high-noise environments without compromising comfort or safety.

Features and Benefits:

- Noise-cancelling boom microphone for clear communication.
- Quick and easy helmet mounting within seconds
- Level-dependent active listening for situational awareness.
- Waterproof to IPX4 for use in varied conditions.
- Designed for music listening with patented speaker design.
- Hands-free phone calls with built-in speech microphone.
- Ergonomic push-button controls, even with gloves.
- USB charging for quick battery replenishment.
- Voice assistant support with Apple SIRI and Google Assistant.
- Battery power-save function for enhanced efficiency.
